MATCH RACING CUP 2009

Geoff won the right to challenge Bruce in the 2009 aggregate series which was closely fought with Richard ,Neil and Peter 2nd equal. The first race was on November 8th with Bruce winning race 1. Geoff took the 2nd race on November 15th with the boats evenly matched .Weed became a problem over the Christmas period with races either abandoned or cancelled. On Monday 28 December Bruce and Geoff sailed some races and reported that the wind was good and the pond clear. Geoff won two races and Bruce one, bringing the score to four all in the best of nine series. The final race was sailed on January 24 with a good south west breeze. Bruce showed his experience catching Geoff with a prestart penalty and when trying to return the favour Geoff incurred a second prestart penalty. Bruce went on to win the race and was the winner of the 2009 match racing cup.

We had several protests in the seasonal series which were settled in a friendly and congenial manner with both parties accepting rulings.

Thanks to all members who referered races and a special thanks to Richard for his unrelenting commitment and services to the club.
