L	Hugh Davison																	
Q	Judy Salthouse																	
U	Graham Murray																	

With only 8 boats we did not have a problem at the starts but we did have a problem with the lack of wind until around 11am when it came in and settled into the NE. Good to see Ray back even it is only for a short time, he sailed well considering his absence away from the pond. Congratulations Don you did the double with an incredible succession of wins and also to Bill for his third both line and handicap. It seems the good sailors are just getting better! For those of us who are going down to Hamilton next month this is the time to get the boat tuned and get our tactics sorted out and our Sunday morning points series should help keep you competitive. Have a great week cheers Bunny
