

## Sailing 15 January 2012:

### Summer Series 6

The weather has improved after the recent rain and gales, and the day was warm with a nice fresh breeze under a sky with attractive puffy clouds.

The rain has left the pond with the water fresher than optimum with an SG of 1.006. There was a small amount of weed and this will need to be monitored to ensure that it doesn't increase.

*Carol and Ian Bergquist lead away at the start of race 2, which Ian won.*

The race wins were spread around. Ian Bergquist won 2 races while wins went to Geoff McGill, Neil Purcell, Daniel Bush and Ivan Fraser.

Top score was shared by Geoff and Daniel Bush, both had 15 points. Neil Purcell was two points behind on 17.

With just one more sailing day in the series, next week, Kevin Webb still holds the series lead but only by 2 points from Neil, and just one more back is Geoff. Any of these could win the series next week with a good score.

A good day for sailing with a clean pond.

## New Member

Daniel Leahy had sailed with us previously and has bought a Seawind and is building this painted in the colours of the Volvo boat Telefonica.

Today he sailed my spare boat 01 in some races before having to go to the airport.

*This wooden One Metre boat sailed in the pond between races.*

## Anniversary Weekend Regatta

This is just two weekends away. It will be sailed with the same format as last year. These were also used for the President's Cup Regatta at the end of last year.

The format of these is on the website in the Club documents page.

*Peter Andrews' boat leads around the top mark.*

## Next Week(s):
