A cool overcast day with light NW winds made for a delayed start as we were unable to set a true windward leeward track. With the wind swinging about quite a lot we settled on a course which was a compromise and just got on with it. The top mark in the NW corner was very sheltered and on more than one occasion the lead boat lost their place to the fickle wind. With the small fleet we had today, we got through 9 races quickly and the closeness between 1st and 2nd place which had to go to a count back to get a result, means the handicapping must be about right.

A great day of relaxed sailing compared to last week. Congratulations to Barry and Ron. Have a great week . Cheers Bunny
