K	Colin Hickman	5	8	8	8	4	7				40	8	32	8	17	20

Summer at last ! beaut day on the pond with fairly consistant winds from the SW. We were able to sail the full length of the waterway and there was plenty of room for passing should you take the right option on the beat. The top mark was once again difficult to get around because of the wind shadow so keeping way on was a must for beating the lack of wind. We all suffered with weed getting caught in our rudders and resulted in many a yacht that was leading being run down by the back markers causing a lot of frustration for the unlucky skipper. The problem is getting worse as the weather warms and the absence of the pumps not aerating the water is not helping. Well done to Dan and Bill. Have a great week. Cheers Bunny
