

## **Sailing and Level 4 lockdown.**

Organized NZRYS racing at Onepoto for the next four weeks is canceled due to the level 4 lockdown.

This will cancel the final two days of the Autumn series meaning that a result will come from four days racing with just one day dropped. One day of Aggregate match racing is also canceled, as is the Easter weekend fun day.

If the lockdown is lifted as announced then sailing will resume on ANZAC Weekend. Racing will resume on 3rd May with the Aggregate series. The Winter series should start on 17th May.

There is no specific restriction on using the pond but if you go sailing, walking or cycling you must remain two metres away from others.
