Autumn Series 5

I wasn't able to attend at the pond today so there is no written report or photographs, save this one of the course taken by George Stead.

Last week the timer was failing and the volume had to be turned down to keep it working at all. Wayne called out times to ensure a fair start. Mid-week I cycled down to Jaycar to buy a new battery and the timer is now fully functional again.

Today, the wind was between very light and non-existent all day.

Thirteen members were at the pond for the racing. Referees were assigned to the races.

Two boats, **Bruce Watson** and **George Stead**, had top scores today of 7 points, each with two race wins and two second places plus an assessed win for their refereeing. Third was **John Macaulay** with 17 points and one race win. Kjeld Parkin also won a race.

With 3 race days counting and 2 days discarded, Bruce leads the series with George just three points behind. Laurie Glover is currently third.

In the divisional series, Bruce is leading A division, Laurie Glover leads B, but in C division Mike Renner and Chris Yates are tied for first place while Brian Christensen is just 2 points behind them.
