

## Seawinds For Sale

Kjeld Parkin (pronounced Kell) and his wife Patrica were members until about a year ago, but they've moved on to sailing Dragon Flite 95's at Gulf Harbour more recently. They live on the Whangaparaoa Peninsula and it's a fair distance to Northcote.

They have 3 Seawinds that they are selling. Kjeld also flies planes and has used his advanced transmitter/receiver kits when sailing these boats, so none of the boats come with a transmitter.

Kjeld also had a spare mast and a few other bits and pieces for sale.

Kjeld's email address is [kellkayaks@gmail.com](mailto:kellkayaks@gmail.com).

His mobile is 021 088 97960.

#38 - this is one of the blue and white hull Readysets. It also complete but with the Kyosho sails that came with the kit. Asking price is \$300.

#58 - A kitset boat so several years old. The hull looks good and it has been reinforced with fibreglass. The older boats are meant to be slightly lighter. I think the sails are by Reuben Muir (club member). Asking price is \$400.

#?? - a blue and white 'Readysset' but it is missing a keel post that the keel rod passes through and which has a nut holding the keel in place. Asking price is \$200.
