Aggregate Match Race 2

Summer Series 6

7 Jan:

It was stifling hot!

George organised the aggregate racing and we have recorded the results. In total we had 11 members racing so for the 'odd' person to complete 4 races a couple had to race a 5th race.

Aggregate 2 was raced in a light NE breeze.

The breeze was consistent throughout the afternoon, and the first race was Brian racing Tom, which Tom won.

Over the 4 rounds racing was fairly tight, with Tom Clark, Rick Royden, Daniel Leech and Dave Larsen finishing on 7 points.

On a count-back, Rick and Daniel were the top boats with 3 wins.

14 Jan:

Race 6 in the Summer series started with little breeze from the NE, but during the afternoon it grew to a very windy and challenging course.

A simple 'round the buoys' course was set and the Race Officer was shared among the 9 who raced.

The top boat was Bruce with 3 wins, a second and a third. Rick was second with 2 wins and two thirds, although he had a DNF in the final scratch race. George was third with a win, a second and a third. The cream always rises to the top.

The last two race days have been very hot in spite of the breeze on 14th. However it won't be too long and we'll be wanting it back

A reminder that the last final race of the Summer series is on Sunday 21 January.

Mike Renner
