With regard to this issue the Council appreciated your concerns and decided that it should be referred to the General Manager of the Community Services Division for a report to the Community Services & Parks Committee and the Birkenhead/Northcote Community Board for future consideration.

The reason for this decision is - The Parks Department and Water Services will investigate this issue and establish cost estimates to deal with sediment build-up.

As a result of the decisions made at that meeting, all amendments and changes agreed by Council have been incorporated into the adopted Annual Plan.
