

Sailing 7 September

Father's Day:

A half dozen turned out but the wind was blowing, the rain started and it was cold. We sailed around a bit and decided that it was too miserable.

Quite a few other, different, boats were at the pond. A Marblehead, a Nauticus (905mm), a CR-914 (914mm), two Wind Warriors and a couple of electric boats.

Next Week:

The start of the Spring Series.

Photos:

The CR-914.

Marblehead and Nauticus. These were being sailed by the importer of the Nauticus who sells them on TradeMe.

Kevin's 30 in a calm spot.

Kevin's 30 in a gust.
