

Kaipatiki Local Board

Presentation of the clubs activities at Onepoto Domain

Subject: Kaipatiki Local Board - Presentation of the clubs activities at Onepoto Domain.

I wondered if the ``Onepoto Domain`` RC Yacht Clubs would like to have the opportunity to present to the Kaipatiki Local Board later this year, in July, I organise a roster, which allows our various organisations, groups, clubs etc to have the opportunity to present to the KLB, over the past eighteen months. This allows the KLB members to gain a more in-depth understanding of the important role your clubs have in our communities here.

I am looking at either July 11th or the 25th - or August if that suits you both better.

I do understand there is another RC yacht group that also make use, (sori to be so vague) so I hope I have connected with you all, but my knowledge of your RC yachts & boats is only by my own eyes all these years watching you all when I am down there with Families in Parks or a Community Bike Day or just driving through the Domain.

I hope I have the correct email addresses and names but I am sure someone will put that right for me.

Townson Electrons at Onepoto.

Hi Jill

Many thanks for for the invite to attend a meeting with the KLB in July. Either 11 or 25 July should suit us fine. We are the group that uses the 'pond each Sunday from 2:00pm. We are known as the New Zealand Radio Yacht Squadron. Our president is Richard Plinston who I think keeps in regular contact with the Council over conditions of the pond and local fauna.

Regards

Peter Andrews

Hi Peter, thank you will arrange for July 25th, and hopefully both clubs can present together so will await their reply as well re this before confirmation. The key element of presenting is that the members of Kaipatiki then get to hear from your members, their thoughts, and also opportunity to plan for the future for this site, not that saying the Parks Department/Officer is not communicating, but sometimes the most important thing to any club, may never surface to the decision makers, as it wasn't deemed important. So this is why I do this, so everyone has the opportunity to front and talk.
